- other national competitions: [www.nordicwalkingworldleague.com/tournaments/list](http://www.nordicwalkingworldleague.com/tournaments/list)

Contact: [league@nordicwalking.pro](mailto:league@nordicwalking.pro)

### 6. Competition distance:

- **Nordic Walking** – approximately 5 km.
- **Nordic Walking** – approximately 10 km.
- **Nordic Walking** – approximately 21 km.

The distance can be changed free of charge up to a week before the competition. Change distance in the week before the competition and on the day of the competition will be subject to a fee according to the competition regulations

### 7. Scoring system and competition ranks in the World Nordic Walking League

- Points in the classification awarded separately for women and men, according to the time-to-point formula:

Ranking = (winner's time counted in seconds at a specific distance) / (participant's time for which points are counted in seconds) x number of points assigned to a given start

This scoring depends on the time we achieve in the competition, not on the place we take. That's why it's always worth fighting for a better time to the end of the distance.

- Number of multiplier points of a given start is:
  - 7,000 – for World Championship competitions
  - 5,500 - for World Cup competitions
  - 5,000 - for competitions of the Continental Championship level
  - 4,000 - for Continental Cup competitions
  - 2,500 – for competitions of the National Championship level
  - 1000 – for National Cup competitions
  - 500 – for regional competitions
  - 200 - for recreational starts and events organized online (fixed number of points for each)
- Points in the ranking will be recorded to the nearest whole number.
- Example:

The fastest competitor on the 5 km route of the National Cup competition (converter 1000 points) covered the distance in 31:15, the competitor whose points are counted had a time of 42:28. The winner's points are 1000, and our player's points are:

$$\frac{31 \text{ min} * 60 \text{ s} + 15 \text{ s}}{42 \text{ min} * 60 \text{ s} + 28 \text{ s}} \times 1000 \text{ points} = 736 \text{ points}$$

- In the case of the same number of points scored at the end of the cycle, the better result obtained in the highest-ranking event (order: World Championships, World Cup, Continental Championships, etc.) is decisive.

## 8. World Nordic Walking League

The Nordic Walking World League includes all Nordic Walking competitions included in the [www.NordicWalkingWorldLeague.com](http://www.NordicWalkingWorldLeague.com) calendar . The 5 best results are included in the general classification. The system automatically removes weaker results from the ranking

- The ranking will be conducted from the first event of the World League, National League and Regional Leagues
- To be classified in the Regional League, National League, World League, you must take part in 3 competitions included in a given League.

- Points will be awarded on the distance at which a given competitor will start. If the distance is changed, points will be awarded separately for each distance.
- To be classified in the summary of the World League, National League and Regional League, you must take part in at least three competitions

## **11. Participation**

- IMPORTANT: after 48 hours from the publication of the results on the Internet, it is not possible to change the team footnotes, so make sure that the competitor has correctly entered the team name in the application form.
- To take part in the 5, 10, 21 km Nordic Walking distance (does not apply to recreational walking), you must undergo a mandatory judges' briefing, which involves the judges checking the correctness of your Nordic Walking poles. People with inappropriate poles (e.g. trekking poles) will be able to rent poles at the on-site rental shop or take part in a recreational activity,
- It is possible to rent Nordic Walking poles at the Competition Office. The number of sticks is limited - registration is on a first-come, first-served basis,
- People without medical contraindications to practicing endurance sports can participate in the walk and run. Before starting, it is obligatory to sign a declaration stating that there are no contraindications to taking part in the competition,
- Disabled people can participate in the competition and they start over a distance of approximately 5 km. These people are classified in the category of disabled people according to gender, without age and type of disability. Disabled people competing over longer distances are classified with able-bodied people according to age category. To be classified in the disabled category, you must present a disability certificate at the competition office before the start of the competition,
- Participants in the 21 km walk must be over 18 years of age on the day of the event, in the 10 km walk on the day of the event they must be over 16 years of age, and

younger people are allowed in the 5 km walk. In both cases, persons under 18 years of age must have written consent from their legal guardians to participate in the event. **Children up to 8 years of age are required to start with a guardian**

- the entry fee is the organizer's handling fee and is non-refundable,
- there is a medical aid point in the competition town. In the event of a participant's injury, the competition staff is notified and provide information to the medical aid point.
- there will be refreshment points with water along the route,
- the route will be marked with special markers and warning tape. A map of the competition route will be available in the competition office and on the website,
- the length of the route is counted along the shortest line that the competitor can cover,
- there are signs along the route with information about the kilometers traveled. These markings are indicative and may differ from the actual distance traveled.
- the players' time is measured electronically, using chips placed next to the player's shoe
- The competitor's time is measured net, for each participant separately.
- along the entire competition route (run and Nordic Walking), the principles of nature protection and the provisions set out in the Forest Act must be followed, in particular: littering the area (e.g. abandoning nutritional packaging, bottles, cups - all garbage should be left at the feeding points ); leaving the competition route; disturbing the silence.
- The ONWF National Championships are open, which means that citizens of all countries in the world can take part in the competition and stand on the podium.

## **12. Judging (applies to Nordic Walking)**

- There will be judges along the route who will evaluate the Nordic Walking technique,
- incorrect walking technique will be punished in accordance with "Appendix 1 - Nordic Walking Poland Judging Regulations", which is an integral part of these regulations,
- an exceptionally good technique will be rewarded in accordance with "Appendix 1 - Nordic Walking Poland Judging Regulations", which is an integral part of these regulations,
- there may be cameras along the competition route to help clarify any doubts,
- the judges, by analyzing video recordings after the end of the competition, have the right to disqualify the competitor and take away the title within 48 hours in the event of gross violations of the rules of fair play (e.g. when running up or shortening the route in places, anywhere along the route)

## **13. Team classification**

- Only the general classification for individual cycles of Regional Leagues, National League and World League is valid.
- In the team classification, points in the open classification of competitors at a given distance will be counted, regardless of gender:
  - 5 competitors from a distance of 5 km
  - 4 competitors from a distance of 10 km
  - 2 competitors from a distance of 21 km

The remaining team members score 50 points for the team. People starting in online mode earn a fixed number of points for the team - 200, only if the team does not have the full number of participants in the distance. If there is a full number of competitors for a given distance, the competitor starting in online mode earns 50 points for the team

- The team's 5 best results from all starts are included in the National, Regional or World League classification.
- The results of the team classification will be announced at the final of each cycle.
- Once signed up to a given team, a player cannot change his club throughout the cycle.

#### **14. Final Provisions:**

- IMPORTANT: after a week has passed since the publication of all results from a given event on the Internet, it is not possible to make corrections.
- the competition will take place regardless of the weather ,
- The organizer is not responsible for items lost during the event and for damage caused by participants ,
- Submitting a properly completed and signed application form to the Organizer means that the event participant consents to the use of personal data provided by him for the purposes of sending information to the participant about future events, commercial products, as well as for internal administrative and analytical purposes, in accordance with the Act on the Protection on personal data of August 29, 1997, Journal U. No. 33, except 883. The Participant has the right to withdraw such consent and may do so at any time by sending correspondence to the Organizer's address ,
